FOR IMMEDIATE RELEASE

TWO IDEAL INTEGRATIONS, INC. EMPLOYEES SHOW GROWTH TO BETTER ASSIST CLIENTS

NORTH VERSAILLES, PA – July 15, 2013 – Ideal Integrations, Inc. has announced that Corey Bussard, Analyst Engineer, has passed the Microsoft Installing and Configuring Windows Server Exam and Bob Faust has received the job title of Project Manager.

Recently, Corey Bussard passed the Microsoft Installing and Configuring Windows Server Test. The purpose of this certification involves the deployment and management of core infrastructure services. Corey had to demonstrate his knowledge of areas focusing on deploying servers and domain controllers, remote management, administering active directory and using group policy. Corey is very well prepared to help Ideal Integrations' clients with his extensive understanding of Microsoft and Windows software.

Bob Faust has been promoted to Project Manager. With his educational background focusing in both technology and communications, he was a perfect candidate for the position. Formerly working as a Service Desk Team Leader, he now has the responsibility of the preparation, execution and conclusion of projects with Ideal Integrations' clients. Bob leads a team of Ideal employees into completing jobs and assisting clients with their IT concerns.

Ideal Integrations, Inc. is an IT systems integration company specializing in design, implementation, maintenance and management of infrastructure - ranging in scope from single projects to complete services and solutions. From start-ups to companies generating over \$2 billion in annual revenue, our customers span numerous industries and locations across the U.S. For more information on Ideal Integrations, Inc., please visit www.idealintegrations.net.
